2:30pm - 3:30pm Vital Stats Prep Meeting

Where: 5412

Calendar: Scott Angelle

Created by: Monica Mcbrady

Who:

Scott Angelle, Preston Beard, Monica Mcbrady, Molly Madden, Eileen Angelico, Susan Green

Description:

Per Molly's 3/7 email, "Per the instructions below and as follow up to Susan's email with the committee member list yesterday, we need to set up 8 meetings with the Director at the end of this month. The first meeting would be a 2 hour "vital statistics prep meeting" with Susan Green and me. Ideally this would occur on March 19 or 20. Additionally, please schedule a meeting with the Director and each of the vital stats committees (see attached list). Ideally, these should occur between March 20 and 29 if possible. Each meeting should be 1 hour. In addition to the committee members, Susan, Mike Prendergast, and Troy Icenhour should be invited to each of the 7 meetings as well. Note that Mike and Troy can be listed as optional. Also note that Herb Leedy's email is daniel.leedy@bsee.gov.

Scott Angelle, Eileen Angelico, Preston Beard, Monica Mcbrady, Cheri Hunter, Allison Fischman, Mark Kozak

Description:

On Nov 7, 2018, at 2:24 PM, O'Brien, Alvin <alvin.o'brien@bsee.gov> wrote:
Director Angelle, I would like to thank you for reaching out to us and asking us for ideas. I apologize for not putting this on the form sent to us and to be honest it seemed like perfect timing. Today I was in a meeting with Peregrine Oil & Gas, specifically Mr. Richard Meyers (Operations Manager). I was directed to perform the annual inspection on Padre North 969 & Padre North 975. During my review of previous INC's prior to arriving to the facility I noticed the company had some INC's issued to them from the GOMR Decommissioning Section (Submittal ID 12901519/G-801). Attached to the INC was a document and when I reviewed it something caught my eye. They are trying to make these two platforms Offshore Wind Energy facilities which perfectly aligns with Energy Security in our Strategic Plan. During our discussion it sounded like he was getting frustrated with the process and how there were no set rules to bringing OWE to the Gulf of Mexico. We were shown documents where studies have been made in these specific areas and it appears to be well thought out. I would like to propose BSEE attempt to help out this company in any way possible. It would be a great opportunity for us to showcase a few of our Strategic goals specifically Energy Security while showing the public our continued Engagement with industry. I hope this email is proper and is in keeping with submitting a New Idea. I know for me, even the thought of bringing an OWE platform to the Gulf of Mexico would be a great step to our commitment to Energy Dominance. If you would like to contact Mr. Meyers his information is as follows: (713) 589-6801 or (281) 660-6352, email: Richard@peregrineoilandgas.com. Thank you for your time and consideration.

Would like to get on your calendar either this Thursday after 3pm central or Friday after 3pm central. We need to see if we are aligned on response back to Talos before we ask SOL to respond. I am asking that SOL not be involved at this stage of discussion. We have finalized our discussions here and would like to focus on one final response to frame what we are looking for. If Talos continues to show commitment to agree on many points and open to negotiate others, we would commit to scheduling a meeting.

Who:

Scott Angelle, Preston Beard, Monica Mcbrady, David Fish, Eileen Angelico, Staci King, Glenn Degnitz, Molly Madden, Jeremy Williams

Description:

(b) (5) (b) (5) David - this is a follow-up to our phone conversation. Please work with Monica McBrady to get on the Director's calendar. Please include me on the meeting invitation. Topic = Status of MOU/MOAs with EPA and Opportunity to Address Jurisdictional Risk Background: BSEE is reviewing all of its MOUs and how well we and our partner agencies are meeting our responsibilities. The agreements with EPA were identified as relatively high risk and need for action. Based on internal analysis and GAO audit findings, we previously attempted the interagency revision process, but efforts later stalled. Director is very keen on learning more about the interagency roles and responsibilities. This is a great opportunity to identify ways to address risks associated with NPDES and enforcement of environmental mitigation in general. I recommend including in your meeting info memo a list of BSEE's obligations and authorities with their statutory/regulatory citations. Attached is a sample memo template - feel free to use the format that works best for your topic. Thanks, Staci King
